

AERIAL INSTALLATION

**Aerial or
Burial: Over
or Under,
We've Got
You Covered!**

**GEORGIA
UNDERGROUND
SUPERSTORE**

version 02.06.2020

Georgia Underground Superstore has built a unique business around the special needs of utility contractors like you. We are committed to maintaining a unique product mix so we can be your “one-stop shop” for both your equipment and supply needs.

We look forward to earning your business by:

- Stocking the products we carry so they are available when you need them
- Offering quality products from leading manufacturers
- Repairing and servicing the products we sell
- Shipping your orders quickly—anywhere in the United States and beyond
- Maintaining a **knowledgeable staff** that understands the **utility construction business**

Our 31,000 sq. ft. Dallas, TX warehouse allows us to reach and serve our national clientele.

The GUS Superstore Staff knows the business and can show you the latest products available.

The GUS Superstores feature large show rooms. They're still growing!

Our 61,000 sq. ft. Atlanta warehouse stocks the product you need. A complete shop facility is designed to meet your service and repair needs.

Pulling Cable Grips

Part Number	Cable Diameter (in)	Approx. Breaking Strength (lbs)	E (in)	M (in)	OD Rotate Eye (in)	Thickness of Eye (in)
CX08641813	.25 - .49	6,800	5	26	7/8	0.315
CX08641822	.50 - .74	10,000	5	25	1	0.524
CX08641831	.75 - .99	14,400	6	25	1	0.513

Multiple Strength Pulling Grips -- Rotating Eye*

Designed for pulling ACSR, aluminum or copper bare conductor, ground wires, messenger strands, wire rope and insulated cables. They are ideal for overhead transmission and distribution line stringing where moderate loading is anticipated. They are economical tools used for attaching conductors to pulling lines and double soaking for conductor-to-conductor connections.

*Rotating Eye is not a swivel. It will not turn while under tension, but it can turn to relieve pulling torque when the tension is released.
